
Zaakpay SMS flow Document

VERSION 1.0

1 Login

- To login, type your registered ID and password
- Registered ID will have the format :
storeID@zaakpay.com
- Default password is testing123

The image shows the Zaakpay website's login page. At the top, there is a navigation bar with the Zaakpay logo, links for WEBPAY, MPAY, DEVELOPERS, TEAM, and CONTACT, a phone number +91 (11) 30018008, and buttons for Log In and SIGN UP. The main content area features a login form on the left with fields for Email ID and Password, a link for 'Forgot password/ Want to reset password?', a 'LOG IN' button, and a link for 'Don't have a Zaakpay merchant account? Sign Up!'. To the right of the form is a graphic of two tablets. The front tablet displays 'Empowers 9 Million Mobikwik Wallet Users to Pay Online!' and 'Safe and Secure!' with an illustration of a wallet and a padlock. The background of the page is a light blue gradient.

This state has the following sub-states:

- SMS Sent

When a merchant sends a request to a customer, the order ID can be seen in this state. This state will be valid for 15 minutes. Post that the order ID can be shifted to "Link Expired" or "Initiated"

- Link Expired

After 15 minutes of inactivity by the customer, this will be the status of the order ID

- Initiated

If customer clicks on the link and reaches the payment gateway page, the status becomes initiated. If customer is inactive till 15 minutes, the status will change to "Declined", else, it will be processed further

- Successful

The transaction is complete and successful Under this category, the sub categories are :

- Captured

The transaction amount is captured and will be paid to the merchant

- Payout Initiated

The transaction amount is ready for transfer to the merchant's bank account

- Payout Completed

The transaction amount is transferred to the merchant's bank account

- Settled

The bank has confirmed that the valid transactions have been credited

- Failed

This means that due to some reasons the payment was not successful or the customer could not complete the payment within 15 minutes of the bill pushed

- Refunded

The transaction is successfully refunded
